WITH ROYAL DIGNITY.

King Edward Presides at Opening of His First Parliament.

READ HIS SPEECH FROM THE THRONE.

Announces His Determination to Pursue the War in South Africa To the Bitter End—Hereditary Revenues—Other Measures.

London, Feb. 14.—The first parliament of the reign of King Edward VII was opened Thursday by the king in person. His majesty was accompanied by Queen Alexandra, the Duke of York and Cornwall and the Duke of Connaught, and many others of the royal family. The last state ceremony of the kind occurred in 1861, when Queen Victoria opened parliament, accompanied by the prince consort, and since the death of the latter nothing equal in pomp has been witnessed in London in connection with the operations of parliament. Not since the of Wales, and Princess Alexandra has the gorgeous state coach used for this wedding of Albert Edward as Prince of Wales, been seen in the streets of the capital. In this coach of state the king and queen rode from Buckingham palace to Westminster.

The route of the royal party, which lay through the Mall, the Horseguards Parade, Whitehall and Parliament street was guarded by 5,000 soldiers. Thousands of Londoners packed St. James Park, bordered the route of the procession and filled windows, stands and roofs. The cortege was short but spectacular. It speedily traversed the short route to an accompaniment of shouts, and reached the royal entrance to Westminster beneath the Victoria Tower at the appointed time.

Great officers of state and others who were to take part in the ceremony had assembled to receive their majesties. Upon the king and queen alighting from the state carriage the procession was quickly formed and proceeded to the robing room in the following order: Pursuivants, heralds, the king's equerry, or gentlemen; ushers, grooms in waiting and officers of the household, flanked by the sergeants-at-arms; lord privy seal; lord high chancellor; black rod; Garter king-at-arms; earl marshal, the lord chamberlain; the sword of state, carried by Marquis of Londonderry; the king and queen and Princess Victoria, respectively, attended by the master of the horse, the lord steward and the lords in waiting; pages of honor; captain of the yeomen of the guard; gold stick; captain of the gentlemen-at-arms; silver stick in waiting; field officer in waiting; officers and gentlemen-at-arms; yeomen of the guard.

The Duke and Duchess of Cornwall and York, the Duke and Duchess of Connaught, the Duchess of Fife, the Duchess of Argyll, Prince and Princess Christian of Schleswig-Holstein, Princess Henry of Battenberg, Princess Charles of Denmark and the Duke of Cambridge and their attendants previously assembled in the house of peers to await their majesties.

The king and the robed procession advanced to the house of lords and as his majesty was enthroned the lord great chamberlain received the royal command to summon the members of the house of commons to hear the speech from the throne, which was read by the king and was in part as follows:

The King's Speech.

"My Lords and Gentlemen—I address you for the first time at a moment of national sorrow, when the whole country is mourning the irreparable loss we have so recently sustained, and which has fallen with peculiar severity on myself. My beloved mother during her long and glorious reign has set an example before the world of what a monarch should be. It is my earnest desire to walk in her footsteps. Amid this public and private grief it is satisfactory to me to be able to assure you that my relations with the other powers continue friendly. The war in South Africa is not yet entirely terminated, but the capitals of the enemy and his principal lines of communication are in my possession, and measures have been taken which will, I trust, enable my troops to deal effectually with the forces by which they are still opposed. I greatly regret the loss of life and expenditure of treasure due to the fruitless guerilla warfare maintained by Boer partisans in the former territories of the two republics. Their early submission is much to be desired in their own interests, as until it takes place it will be impossible for me to establish in those colonies the institutions which will secure the equal rights of all the white inhabit-

ants and protection and justice for the native population. The capture of Pretoria by the allied forces and the happy release of those who were besieged in the legations, results to which my Indian troops and my naval forces largely contributed, have been followed by the submission of the Chinese government to the demands insisted on by the powers. Negotiations are proceeding regarding the manner in which compliance with these demands is to be effected. . . . The prolongation of the hostilities in South Africa has led me to make a further call on the patriotism and devotion of Canada and Australasia. I rejoice that my request has met with a prompt and loyal response, and large additional contingents from these colonies will embark for the seat of war at an early date."

The king referred briefly to the establishment of the Australian commonwealth; the suppression of the Ashanti rebellion; the famine in India; attention of the house of commons was called to the necessity for increased naval and military expenditures on account of the Boer war, and to the necessity of renewed provision for the civil list, the hereditary revenues being placed at the disposal of that house; the attention of the house of lords was directed to the need of increasing the efficiency of the military forces, and constitutional changes in the court of final appeal on account of the expansion of the empire. Legislation will be proposed to regulate voluntary sale by landlords to occupying tenants in Ireland, for amending and consolidating the factory and workshops acts, for the better administration of the law respecting lunatics, for amending the public health acts in regard to the water supply, for the prevention of drunkenness in licensed houses and public places and for amending the law of literary copyright.

After the reading of the speech the procession reformed, the king proceeded to the robing room, unrobed and left Westminster in the state carriage, the procession moving in the same order as it entered.

TRANSVAAL TOPICS.

Incidents of the South African War. Boer Convoy Captured.

Cape Town, Feb. 14.—A Boer commando crossed the Orange into the Philippstown district. It is reported that Dewet was in command. Van Wyksbleit was occupied Monday by 300 Boers who were retreating from Calvinia. The Boers are reported in force 24 miles west of Carnarvon. A Boer convoy of 65 wagons and 45 prisoners has been captured north of Amsterdam.

Stratheona's Cavalry at London.

London, Feb. 14.—The Stratheona Horse, which sailed from Cape Town on the British steamer Lake Erie, Jan. 20, landed at the Albert docks in the midst of much enthusiasm and cheering and the shrieking of steamer sirens. A considerable crowd awaited the landing of the men. The troops took trains and came to London.

Driven Out of Philippstown.

London, Feb. 14.—A dispatch from Cape Town, dated Feb. 14, which says the government there is advised that General Christian Dewet and former President Steyn entered Cape Colony and occupied Philippstown. The British attacked them and drove them out of the town with loss.

Boer Losses.

Durban, Natal, Feb. 14.—The Boer losses, when they were attacked by General French at Ermelo last week, are said to have been 40 men killed and 200 made prisoners.

Found Bad Company.

El Paso, Tex., Feb. 14.—Drugged with knockout drops, seriously cut with a knife and robbed of all his ready cash, amounting to \$1,000 or more, was the fate which befell Dr. Alfred E. Meyer of New York, a physician who has been spending a week with A. Movins, a millionaire patient. Dr. Meyer ventured out alone. A few hours before daybreak he was brought back to the hotel bleeding profusely from a half dozen knife wounds, his clothing cut in many places and his money and watch gone. The attending physician expressed the opinion that the wounded man had been drugged.

Brazil, Ind., Feb. 14.—Patrick Gateris shot and instantly killed John Friel. They had been boon companions for years, both being single. Gateris's home is in Ohio and the murdered man's parents live in West Virginia. They came here to work in the mines. Wednesday night they quarreled over a woman and Thursday the quarrel was renewed. The fight occurred in the national road at Billtown and the body of Friel lay four hours where it fell. Gateris came to this city and surrendered.

HOMES FOR SOLDIERS.

Senator Hale Alarmed by Increasing Demand For Them.

PETTIGREW'S PERTINENT REMARK.

Attention Called to Return of Sick Soldiers From Philippines—Hale Says All Will Be on Pension List in Five Years—The House.

Washington, Feb. 14.—When the senate convened it was decided to take a recess from 5:30 to 8 p. m., the reading of the District of Columbia code bill to be the only order of the night session.

An amendment proposed by Mr. Shoup (Ida.) to the sundry civil bill looking to the establishment of a soldiers' home in Idaho induced Mr. Hale (Me.) to call attention to the fact that the committee on appropriations was being besieged constantly for more and more soldiers' homes, although it is nearly 40 years since the close of the civil war. The general belief was that in 40 or 50 years the demand for these homes ought to be on the decrease and he thought it would be necessary to give some account to the country of the proposed increase.

Mr. Pettigrew declared that the United States was manufacturing material for soldiers' homes every day. General Mac Arthur's report for December showed that there were 10,000 more sick in the Philippines than could be cared for properly. Mr. Hale acceded to this statement and added that every man in the Philippines would be on pension list in five years.

The senate agreed to a resolution offered by Mr. Stewart, calling upon the attorney general for all accounts of the Second judicial district of Alaska and the action of the department thereon; and a list of the officers of the Second judicial district of Alaska and their compensation. Consideration of the agricultural appropriation bill was then resumed.

In the House.

Before the consideration of the sundry civil appropriation bill was resumed in the house some routine business was transacted. Bills were passed to authorize the Louisville and Nashville railroad company to construct a bridge across the Tallahatchie river in Alabama; for the relief of settlers under the public land laws upon lands within the limits of the indemnity land grant to the Northern Pacific railroad; to authorize the Mobile and West Alabama railroad to construct bridges across the Warrior and Alabama rivers, Alabama; to authorize Calhoun county, Tex., to construct a free bridge across Port Lavaca, Tex. The senate amendments to the bill for the creation of a committee to select a site and adopt plans for a memorial statue to Grant in this city were adopted.

Sampson and Schley.

Washington, Feb. 14.—The president sent the following nominations to the senate: Rear admirals to be advanced in rank dating from Feb. 11, 1901—William T. Sampson, five numbers to take rank next after Rear Admiral John A. Howell; Winfield Scott Schley, three numbers to take rank next after Rear Admiral Sampson when advanced. Captains to be advanced in rank from Feb. 11, 1901—Robley D. Evans five numbers and to be a rear admiral admiral; Henry Taylor, five numbers and to be rear admiral; Francis A. Cook, five numbers; Charles E. Clark five numbers; Charles D. Sigbee, three numbers; French E. Chadwick, five numbers; John J. Hunker, two numbers. Naval Constructors Hobson, 10 numbers.

New Warships Named.

Washington, Feb. 14.—Connecticut, Louisiana, Tennessee and Washington have been selected as the names of the four warships authorized by the house and the bill for the construction of which is now pending in the senate. Secretary Long informed a large and influential delegation from Tennessee, who called to ask that one of the ships be named after that state, that these names had been selected by the department and would be assigned to new ships in the order named.

War Revenue Conference.

Washington, Feb. 14.—At the first conference on the revenue reduction bill the Democratic members attended as well as the Republicans. It led to a general discussion of both measures, but none of the items was taken up in detail. Nor was the conference productive of any general results in the way of agreement. No exact time was fixed for reassembling, but it was understood a meeting might be called Saturday.

President's Appeal For Sampson.

Washington, Feb. 14.—The president

sent a special message to congress urging that the same recognition that has been given Dewey and his officers and men for his services in Manila bay should be given Sampson, commander of the North Atlantic fleet, and his men for service in Cuba.

SPANISH RIOTS.

State of Siege Proclaimed at Madrid. Disturbances Elsewhere.

Madrid, Feb. 14.—The streets are unusually full, and crowds have gathered in the vicinity of the palace to witness the arrivals. The city is absolutely calm, but there are no decorations and no flags or bunting displayed, except on official buildings. The people are out in festival dress. A state of siege has been proclaimed. The civil authorities have resigned their powers to the military and cavalry regiments have replaced the civic guards and are patrolling the streets. Excitement prevails in Barcelona and Grenada and the gendarmie have been reinforced.

The prefect of Valencia telegraphs that grave disorders took place there. A collision between gendarmes and the populace occurred, in the course of which several shots were fired, one person killed, another wounded.

At Malaga, several French priests on their way to Brazil, landed to see the town. A mob hooted at and threatened the priests, who hastily re-embarked. The mob then stoned the officers of the Clerical paper. A policeman was wounded by a revolver shot. The prefect eventually succeeded in re-establishing order.

Royal Wedding.

Madrid, Feb. 14.—In the chapel of the royal palace in the presence of the royal family and all the aristocracy and officialdom of Spain, Dona Maria de las Mercedes de Bourbon y Hapsburg, princess of the Asturias, was wedded to Prince Charles Bourbon, with regal pomp and ceremony. The wedding ceremony proceeded with perfect tranquillity. The thousands of spectators in the neighborhood of the palace and filling the south grand court within the railings were quite orderly. They were watched by detachments of cavalry who also kept order throughout the city.

Creed Revision.

Washington, Feb. 14.—The Presbyterian committee appointed to consider the revision of the Westminster Confession of Faith has concluded its labors and adjourned. Two reports will be presented to the general assembly. The majority report will recommend a supplemental explanation of the creed. The minority report will recommend a supplemental explanatory statement of doctrine.

Miami Canal Motor Line.

Detroit, Feb. 14.—G. M. Fordyce of Detroit has secured from the state of Ohio a 20 years' lease of the Miami and Canal from Toledo to Cincinnati, the privilege of building electric lines on either side or both sides of the canal. Arrangements have been made to construct the line from Dayton to Cincinnati, and work will be commenced in the spring.

New Incorporations.

Columbus, O., Feb. 14.—William Focke's Son's company, Dayton, \$250,000; Gallipolis Telephone company, Gallipolis, increase from \$30,000 to \$50,000; Jones Brothers Electric company, Cincinnati, increase from \$164,000 to \$400,000; Acme Mutual Aid association of Confectioners, Cincinnati; Clifton Heights Pleasure club, Cincinnati.

Teacher on Trial.

Huntsville, Ala., Feb. 14.—George Hall, a white school teacher who, it is alleged, assaulted Cora Pritchett, a 10-year-old girl was placed on trial at Guntersville. An immense crowd of people assembled around the magistrate's office and it is feared an attempt will be made to lynch Hall.

Big Blaze in Cairo.

Cairo, Ills., Feb. 14.—The most disastrous fire here for years wiped out the wholesale house of John A. Haynes, Lewis & Co., William Loneragan, the Bulletin building and office and several other smaller concerns. Loss \$100,000.

Carriage Factory Destroyed.

Circleville, O., Feb. 14.—William Heffner's 5-story brick building occupied by the Colonial Carriage company was destroyed by fire. Heffner's loss \$7,000 with \$3,000 insurance; carriage company's loss \$18,000 with \$12,000 insurance.

Chicago, Feb. 14.—A brindle bull dog, foaming at the mouth and yelping in the madness of hydrophobia, dashed into a crowded recitation room of the Kosminski school at Fifty-fourth street and Ingleside avenue and before it was driven out by a policeman, who was called by the teachers, had severely bitten four of the children and created a panic in which a number of others were badly bruised.

PRIZE FIGHT ENJOINED

Judge Hollister Gave the Pugilists a Solar Plexus Blow.

PROMOTERS POSTPONED THE MILL.

Case Will Be Carried to the Higher Courts to Test the Laws of Ohio Against Fistic Carnivalists. Troops Not Needed.

Cincinnati, Feb. 14.—Judge Hollister granted a permanent injunction against the Jeffries-Ruhlin fight at Saengerfest hall Friday night. The promoters will postpone the event until after they can carry the case to the circuit and supreme courts.

Long before the hour for court to convene at 11 o'clock the crowds thronged the court house. Many deputies were on duty in Judge Hollister's court room to control the crowd and hold the spectators back so that counsel and members of the press could hear the decision on the application for an injunction against the prize fight. It seemed to be the general opinion that the injunction would be granted and that the cannon crackers in waiting at the training quarters would not be shot off.

Judge Hollister began reading his opinion at 11:30 and it required nearly four hours for him to read it, as it consisted of 102 pages of type written copy. As the date for the proposed contest is to be indefinitely postponed there is no longer any talk about the need of military or any collision between municipal and state authorities. Brady, Cook and all those connected with the contest as well as the directors of the Saengerfest association remained in the court room during the afternoon to hear the reading of the full opinion. They did not take much interest apparently in the conference with the Saengerfest directors, as the outlook is not now considered encouraging for their enterprises at any time in Ohio.

The state won on all points at issue before Judge Hollister. He not only held that courts of equity had jurisdiction against public nuisances but also that prize fights are public nuisances and that the proposed contest between Jeffries and Ruhlin was to be a prize fight for the championship of the world and not a boxing match for points. The decision was severe in language as well as decisive in its holding. It held the proposed event to be a public nuisance, a moral wrong, a crime before the law and such a menace to society as should be restrained, even in courts of equity. In reviewing the testimony the court complimented Manager Brady by saying that his evidence commanded the respect of the court, but he was severe on Manager Madden as "an insincere and evasive witness," whose testimony regarding the difference between prize fights and boxing contests could not be given credence.

Judge Peck, leading counsel for the defendants, gave notice of an appeal and took exceptions to both points of law and fact and finding of the court.

When Mayor Fleischmann was informed about the injunction he said: "The sheriff is an officer of the court and if he calls on me for assistance, I will give him the entire police department. The court's decision practically acts as a revocation of the license for a boxing permit. I do not think troops will be here."

Another Mill Postponed.

Dallas, Feb. 14.—The fight scheduled for Friday night before the Olympic Athletic club of Dallas, between Dan Creedon of New York and Harry Covert of Chicago, for a purse of \$1,000 was postponed to Feb. 22, at Creedon's request. He says he is not sufficiently recovered from his recent attack of la grippe.

Bill Against Prize Fights.

Springfield, Ills., Feb. 14.—In the house Mr. Nohe introduced a bill to prevent prize fighting in the state of Illinois. It specifically gives the governor power to call out the military force to prevent prize fights or sparring or boxing exhibitions.

Mitchell Arrived.

New York, Feb. 14.—Charles Mitchell, pugilist, arrived here Thursday from England.

Station Wrecked by Robbers.

Chicago, Feb. 14.—The Chicago and Northwestern station at River Forest, a suburb of Chicago, was almost completely wrecked by a heavy charge of dynamite used by safe blowers. The safe was not only wrecked but part of the wall of the station was blown out, and all of the furnishings of the building were torn to pieces. The burglars escaped. They secured practically nothing of value. The explosion shook the whole village.

BIG TAXES.

The State Board of Valuation Fixes Assessment of \$56,000,000 Against Railroads in Kentucky.

FRANKFORT, Ky., Feb. 12.—A check for State taxes, due from the Louisville and Nashville railroad, was received by Auditor Coulter this morning. The check amounts to \$110,530.75, and is the amount due the State as taxes on all its taxable property as assessed by the Railroad Commissioner last fall. The franchise tax has not been fixed yet, and is not included in the above check.

The State Board of Assessment and Valuation on last Saturday, on the motion to have the franchise valuation of railroads for the years 1896-1900 inclusive certified to the various counties, municipalities and school districts, decided in favor of the County Attorneys. A careful calculation in the Auditor's office has disclosed that the aggregate amount of franchise to be thus certified will be the sum of \$56,408,184.

The appended list shows the amount of franchise that will be certified for each railroad unless the board is enjoined by the courts:

Cincinnati, New Orleans and Texas Pacific, 1896-1900.....	\$12,994,265 00

Mephisto at the Armory.

[Michigan City (Ind.) Evening Dispatch.]
The third presentation of Faust in this city was greeted by an audience that tested the capacity of the armory to the limit. It was late when the curtain raised for the first act and after 11 o'clock when it went down on the last, but the audience waited to the end.

Porter J. White as Mephisto presented a difficult character in an artistic manner. In voice, facial expression and action his Mephisto was all that the most vivid imagination could conjure. The Faust of Frank McDonald and the Marguerite of Miss Olga Verne were very finely represented and at times divided the honors with Mephisto.

The scenic and electrical effects were splendid, the best ever seen here.

MURRAY, the jeweler.

A meeting of the heirs of the late Leonard Case, of Cleveland, Ohio, will be held at the Mayor's office, Augusta, Saturday. The object of the meeting is that all claiming an interest in the estate may be present and have their names entered on record that the court may make a proper distribution of said estate. Mr. Geo. W. Adair, of this city, is attorney for some of the heirs. He recently spent some time in Cleveland and is greatly encouraged at the prospect of an early settlement of the estate.

Thomas Breen has sold to Harry P. Day about eighty-eight acres near Lewisburg for \$4,400.

REV. J. WOOD POGUE.

Former Maysvillian Accepts a Call From the Fifth Presbyterian Church of Cincinnati.

[Enquirer.]

After a thorough canvass of several weeks and careful deliberation on a number of prominent candidates the Fifth Presbyterian Church, of this city, has called to its pulpit Rev. James Wood Pogue, of Lawrenceville, Ga. Formal announcement of his selection was made at the prayer meeting service Wednesday evening.

Mr. Pogue is not an entire stranger to Cincinnati people, being a member of one of the oldest and most exclusive families of the city. He is a son of Henry E. and Frances A. Pogue, and a brother of Messrs. Pogue & Pogue, the well-known lawyers. He was born in Maysville, Ky., was educated in the public schools of that city and at Lane Seminary, where he was graduated with honors in 1887. Licensed in the same year he was located at Nashville for a period, and for six years following filled prominent pulpits in Atlanta, Ga. He was then successively at Tallapoosa and Lawrenceville. In all of these places he has been markedly successful, and has gained an enviable reputation as an aggressive and faithful pastor and a pulpit orator of more than ordinary ability. Some of his chief characteristics are independence of thought in his pulpit utterances and of action and methods in pastoral work, coupled with an untiring energy and a penchant for work that puts enthusiasm and fire into the members of his flock.

The call to the First Church here transfers him from the Presbyterian Church, South, to the Northern branch for the first time in his pastorate. Rev. Pogue has a wife and two lovely children, his wife having been a Miss Ellis, daughter of one of Atlanta's oldest families.

The Fifth Presbyterian Church is one of the most active and influential of the denomination in the city. It has been peculiarly fortunate in the selection of pastors, and in the present choice bids fair to keep up its reputation for careful selection of pulpit material.

In accepting the call Rev. Pogue was not able to fix the exact date of his arrival in the city, but preparations are in hand to give him a cordial greeting when he so announces.

BROOM CORN IN FAYETTE.

A Number of Farmers Will Plant the Cereal, Which Pays Handsomely.

[Lexington Herald.]

The farmers of the Blue Grass are looking to the raising of broom corn. In the past a quantity has been raised, nearly all of which was for local consumption. In other sections of the country it is the great source of revenue and the acreage is rapidly extending. Said one man:

"Broom corn is one of the coming productions of this section. We have had it grown here with success, but for some reason or other farmers do not pay a great deal of attention to it. They are beginning to realize that broom corn is the product to get the money. It is nursed about the same as ordinary corn, but sells for far more than anything else that a farmer can raise. I have it from a number of farmers that they intend planting a vast quantity of it this year."

Petitions continue to pour into the White House asking for the appointment of Mr. A. M. J. Cochran to the Federal Judgeship. Among the number received Wednesday was one signed by sixty-three members of the Louisville bar. It says: "We, the undersigned members of the Louisville bar, respectfully state that we are anxious to see the new United States District Court well officered, and with that end in view do most earnestly recommend and endorse Judge A. M. J. Cochran, of Maysville, for appointment as Judge."

There is bad feeling between Catlettsburg and Ashland over the location of the Federal Court. The Ashland Daily News is saying saucy things about Catlettsburg, and is asking that Ashland be made the county capital. An Ashland man who went over to Catlettsburg got into a fight with a policeman during an argument, and the bitter feeling is said to be growing.

Had to Conquer or Die.

"I was just about gone," writes Mrs. Rosa Richardson, of Laurel Springs, N. C. We were correct when we said a while since that we did not intend having dull January and February business. To be sure, there is no profit, in fact in many instances there are losses on our sales; but we have always had a great weakness to close out one season's stock before the next season comes in, hence

OUR STOCK IS ALWAYS FRESH AND NEW!

There still must be a good many people who have not availed themselves of securing "our kind" of Clothing at the cut prices we are now selling at. Why not come in and buy an Ulster or Overcoat at a price that will

SAVE YOU AT LEAST ONE-THIRD

of the money you will have to pay for it next winter? What an excellent opportunity now to buy a Stein-Bloch or Adler Suit, medium weight, one that you can wear nine months out of the twelve, and buy it for less money than you buy ordinary goods for. We will be benefitted in turning these goods into money,

BUT YOU WILL BE VASTLY MORE BENEFITTED

in buying them. Were we addicted to fake advertising, that so many Clothing men resort to, viz: the fellows who advertise \$10 Suits for \$3.98, we would embellish more. The truth needs no embellishment; you know we only advertise and sell "straight goods."

RIVER NEWS.

Urania and Queen City Had a Lively Race Wednesday Morning on Their Up Trip.

Portsmouth Blade: "A pretty scene took place on the river Wednesday morning when the Urania and Queen City came in sight around the bend. As mentioned in Tuesday's Blade a river war is on round about these parts and a race for freight has been inaugurated.

"The Urania and Queen City rounded the bend together and then came up the river on the home stretch. The smoke was rolling from the stacks and it was evident that both boats were at their best. As they arrived nearer the landing, it was evident that the Urania was in the lead and she succeeded in making the wharfboat first. The Queen City barely stopped and then passed on her way up.

"The war is on and will probably continue merrily. It is understood that the White Collar Line will put in a boat in the Cincinnati-Portsmouth trade which promises to wreck havoc with the Bay Bros.' new line. The Edgingtons may also cut a figure in the affair. The Urania is now making three trips weekly from Cincinnati to Ironton, although it requires constant watchfulness to make the time required."

Asked concerning her future plans, Mrs. Nation said: "I intend to stay in Topeka until next Sunday when I shall go to my home in Medicine Lodge, rest up a little and then attend to some business matters."

"Will you do any more smashing in Topeka?" she was asked.

"No, because everything is closed up tight. I think the action of the citizens' mass meeting here last Sunday was just grand."

Mrs. Nation appears very much worn from her trip. She can scarcely speak and coughs continually. She appears as enthusiastic as ever and will not give up her crusade until all the saloons in Kansas are closed.

Church Windows Smashed.

Winfield, Kan., Feb. 14.—All the windows of the United Presbyterian church were broken supposedly being a result of the bitter anti-saloon war in progress here. The church is a fine large structure with stained glass windows between 50 and 60 in number. The damage exceeds \$200. Warrants have been issued for several parties whose names have not been made public. The pastor of the church is the Rev. Mr. Hendershot, who is a strong prohibition worker and who participated in the destruction of the Schmidt saloon. There is great excitement in the town and fist encounters between the two elements are frequent.

Raided a Barber Shop.

Effingham, Kan., Feb. 14.—A large number of Effingham Central high school students led by Professors Wilson and Beede, raided Smith Moore's barber shop, believing liquor was being sold in the place. No liquor was found but a lot of empty beer and whisky bottles were broken. The crowd also wrecked several cases of empty beer bottles at the depot.

Saloon Keepers Fined.

Hawatha, Kan., Feb. 14.—Judge Smart sentenced three local saloon keepers to jail for nine days each for selling liquor and assessed a fine against them as the result of the campaign started by Civic purity league.

Life Sentence.

Fairburn, Ga., Feb. 14.—L. A. Hester, white, was sentenced to life imprisonment for the murder of Sterling Thompson, colored, some weeks ago. Shortly after the killing Pegram Cochran and his brother, Shell Cochran, both white, were given similar sentences for the same crime. Five other white men stand indicted.

Mountain Lions Getting Scarce. Denver, Feb. 14.—Information has been received here that Theodore Roosevelt, who has been hunting wild animals in northwestern Colorado, will reach Rifle, Colo., Saturday and begin his homeward journey.
